Recent State Efforts

Financial

- Provided \$25 million of one-time pandemic relief in Fall 2022.
- Established additional MDHHS supports in aligning behavioral health resources to meet youth's needs.
- A \$6.2 million one-time allocation provided to the child-caring institutions in spring 2022.
- Increased rates in fiscal year 2023.
- Rates increased in some cases 100% per day, per child effective Oct. 1, 2022. Rates for Juvenile Justice programming increased by 10-40% from the prior year.
- The \$2 per hour direct care worker rate that was provided in 2022 has been included in the 2023 rates on an ongoing basis.
- Provided retention incentives for the MDHHS-operated Shawono Center and Bay Pines Center.
- Increased staffing ratios from 1:8 to 1:5 at Shawono Center and Bay Pines Center.
- Provided \$3 million grant to increase capacity at Spectrum by 40 beds. (As of 4/20/23, Spectrum has brought on 22 beds for youth.)

Placement

- Goal of bringing 100 beds online.
- Ongoing discussion and collaboration with various providers.
- Focus on Juvenile Justice programming.
- Planned goal of implementation after receipt of plans and budget within 30 to 90 days.

Investing in Juvenile Justice (FY24)

Background

- The Michigan Taskforce on Juvenile Justice Reform was formed to provide recommendations to Michigan's juvenile justice system.
- Raise the Age legislation enacted in 2019 increased the age to 18 for juvenile court jurisdiction.
- Bay Pines Center and Shawono Center are secure facilities serving over 70 youth with complex trauma and a need for emotional/behavioral stabilization.
- The Child Care Fund (CCF)—the primary statewide juvenile justice funding structure—does not provide financial incentive for youth to remain in the community given that community-based and residential placements are reimbursed at the same rate (50%).

Proposed Response

This proposal includes two recommendations for investments from the Michigan Taskforce on Juvenile Justice Reform:

- \$1.3 million gross (\$643,600 GF) for 12 FTEs for Bay Pines
 Center and Shawono Center to align staffing ratios and expand capacity.
- \$31.5 million gross/GF increase in state support for community-based services and alternatives to residential detention.

Expected Impact

- Reduction in the use of seclusion and restraints, and improvement in behavioral management skills for facility staff through the modification of current staffing ratios.
- Ensure all youth and families involved in the juvenile justice system have access to a continuum of evidence-based services.
- Provide rehabilitation opportunities in a safe, supportive, and respectful environment that honors the youth and family voice.
