

# FY24-25 Source Reduction Assistance Grant Competition is OPEN!!

**Purpose:** The purpose of this Notice of Funding Opportunity (NOFO) is to implement pollution prevention projects through the Source Reduction Assistance grant program.

Eligible Entities: States, local, interstate, and intrastate government agencies and instrumentalities, federally recognized tribes, inter-tribal consortia, and non-profit organizations formed under Section 501 (c)(3) of the Internal Revenue Code (not 501(c)(4) organizations that lobby).

Open Period: February 15, 2024 – April 15, 2024

P2 is a powerful tool that can protect public health and the environment by:

- Reducing the use, release, and exposure to toxic chemicals
- Employing upstream solutions that reduce the need for, and costs of, environmental cleanup and pollution management
- Reducing the demand for virgin, raw materials
- Reducing the demand for, and cost of, utility services, such as electricity, water supply, and wastewater treatment due to increased energy and water efficiency
- Increasing the efficiency of materials use and reuse
- Reduction of single-use plastics

For additional information or any questions, please email Claudia Santiago at

Santiago.claudia@epa.gov

We'd love to hear from you!

While a variety of projects are eligible, the program's priority areas are:

- 1. Prevention of Greenhouse Gas Emissions
- 2. Hazardous Materials Source Reduction
- 3. Innovative approaches to conservation of materials and resources
- 4. Environmental Justice through P2 Actions
- \*Additional project examples can be found within the NOFO.

Example projects include, but are not limited to:

- Educating retailers on the Safer Choice program, and the EPA Recommendations for Specifications, Standards and Ecolabels to support the increase in availability and use of safer cleaning products and other environmentally preferable products.
- Providing P2 technical assistance in multiple languages.
- Partnering with schools and daycare facilities to improve indoor air quality through P2 actions.
- Building capacity for organizations or residents to understand pollution prevention techniques and approaches and transfer those lessons in their communities.

#### \$2.2 BILLION

dollars savings for business

#### 917 MILLION POUNDS

hazardous materials reduced

#### **49 BILLION GALLONS**

water saved

### 19.8 MILLION METRIC TONS

greenhouse gases eliminated

## **30.4 BILLION KILOWATT HOURS** energy savings
